

E360 FOR SUSTAINABLE INTEGRATED BUSINESS PLANNING

Measure – Decarbonize - Optimize

SUSTAINABILITY CHALLENGES

Organizations face increased pressure to act on carbon footprint and responsible sourcing practices

Identifying datapoints to facilitate organization’s transition to sustainability

Lack of integrations in strategic and tactical planning stages for continuous performance review of sustainability initiatives

Access to databases and industry standards to address the gaps in sustainability analysis

Lack of optimization capabilities for forecasting carbon footprint

Cross-Industry Solution

Proprietary Tools and Accelerators to Reduce Time to Benefit

Rapid Prototyping & Demonstration of Key Processes with Customer Data

Streamline time consuming activities with analytics

Track Record of Excellent Customer Advocacy on all IBP Engagements

OUR SOLUTION FEATURES

Capture and use existing data to create and assess carbon footprint, publish footprint information, import emission factors from LCA databases, calculation template to run mass calculations for product footprints

Reduce risks by incorporating sustainability ratings and leveraging them for responsible sourcing plans

Improve Environment management performance by incorporating carbon footprint and achieve your Sustainable Development Goals

Prepare S&OP meetings with scenarios, what-if analysis including costs, revenues, profits and carbon footprint across the supply chain

Gain visibility into emissions forecasts and scenario comparisons on Sustainable IBP Analytics and Dashboards

STUDIO CAPABILITIES

Consulting-driven approach integrates end-to-end services, technology accelerators and best practices.

SAP SOLUTIONS

No one has a better track record with SAP platforms than Bristlecone. As a preferred SAP partner, we can position you to thrive on change with SAP S/4HANA, IBP and Ariba.

ANALYTICS & AI

Put your data to work by leveraging AI-powered analytics to gain unprecedented visibility, unlock valuable insights and enable intelligent data-driven decision-making.

MODERN ENGINEERING

Looking to build, optimize or maintain your systems? Tap into our expertise and enablers to transition to the cloud, enhance CX, and roll out new security and operations processes.

PLATFORM SOLUTIONS

Harness the power of best-of-breed platforms. We can implement, integrate and elevate your ERP/SCM environment to boost operational agility, visibility and performance.

EVERYTHING CONNECTED

Realize the incredible power of a connected enterprise. We can connect and integrate your disparate systems, platforms, devices, apps, data, networks and cloud technologies.

IMPACT WE'VE MADE

Domain expertise differentiating every engagement.
